WATER GOING OUT TO STAND A TEST

TEN SAMPLES RECEIVED BY DR. C. P. FRYER

TO GO TO COLUMBIA

City Water is Declared Fit for Consumption—Other Tests to be Made

Dr. C. P. Fryer has received ten containers from the public health laboratories at Columbia and will send ten samples of water from this county to be tested. These will be sent Monday and returns on the tests will perhaps be received the last of next week. Those who have applied to Dr. Fryer to have water tested are T. C. Gray, W. T. Gray, Fred French, Mrs. Fulton, Miss Hilda Lahr, Ernest Welborn, Emma Hull, N. C. Case and the Elks club of Maryville and Mrs. Lincoln of Pickering.

The city water in a test made at Columbia recently for the County health department was declared to be safe for human consumption. Other tests of the city water will be made from time to time.

The survey which the department had planned to put on in Maryville this week, in which houses there were students in the State Teachers College are quartered would be visited, has not ben started as yet on account of the fact that the work of enrollment at the College not being completed, so that complete lists could be obtained.

The county health department is giving free of charge to anyone who comes in for it, typhoid fever innoculation, which makes the subject immune for about three years.

It has been pointed out that for the people in Maryville the one sure way of being safe from exposure to typhoid germs is to use the water from the city mains. A close check is kept on the city water and every effort is made to have it tested, treated and kept fit for human consumption. In the case of a well and especially an open spring, one is never sure that the water is safe, unless it has been tested and the test shows it to be all right. In the case of an open spring it might be safe one day and become contaminated over night so that it would no longer be safe.

GOWDY PLEADS GUILTY; GETS 3-YEAR SENTENCE

Was Charged With Grand Larceny in Several Counties—Other Charges Dismissed.

Lee Gowdy, charged in seven or eight indictments with grand larceny and receiving stolen property, pleaded guilty to receiving stolen property in the circuit court at Rock Port Thursday and was sentenced by Judge John M. Dawson to three years in the penitentiary. John Hibbinga of Omaha pleaded guilty to a charge of bigamy and was sentenced by Judge Dawson to two years in the penitientiary.

The Lee Gowdy cases have occupied public attention in three or four counties in Northwest Missouri for the past five or six months, the cases having been scattered among these counties by changes of venue. Upon Gowdy's plea of guilty Thursday the other cases against him were dismissed on the condition that he pay all costs, which will amount to several thousand dollars.

Lee Gowdy comes from one of the most prominent families near Tarkio and his indictment and arrest caused much surprise. He was charged jointly with Charles A. Gross, who later jumped his bail and is still a fugitive from justice. Gowdy also jumped bail on the eve of his first trial at Maryville but later gave himself up.

Hibbinga married a woman from Omaha at Rock Port recently, but was apprehended and brought back on a charge of bigamy, pleading guilty to the charge in the circuit court Thursday.

Atchison county now, with a population of about 13,000, has now serving time in the penitentiary more than 25 inmates, 10 of whom, including Gowdy and Hibbinga, have been enrolled there since the November term of court, 1921.

Miss Helen Tobin left this morning for a three weeks' vacation in the East. She went to Des Moines this morning where she will meet her cousin, Miss Belle Sherlock, who will go with her on the visit to various points which will include Chicago, New York and Washington, D. C.

AGREE TO ACCEPT PACT PROPOSED FOR IRELAND

British Signatories Ready to O. K. Arthur Griffith's Proposed Constitution

London, June 10—The British signatories of the Anglo-Irish peace treaty have agreed to accept Arthur Griffith's draft of the proposed constitution of the Irish Free State. Premier Lloyd George warned acceptance of the provisional government depended upon ratification by Dublin of the constitutional revisions drafted during the London negotiations.

THURSDAY HOTTEST DAY SO FAR THIS YEAR

Mercury Went up to 86—Was Nearly as Hot Yesterday, With a Temperature of 85

Thursday was the hottest day so far this year. The thermometer soared to 86 and stayed there for some time. Yesterday was almost as hot however, the temperature being 85. Yesterday it remained hot all day and well into the night. At 7:30 o'clock in the evening the heat caused the mercury to hover around 81 degrees.

The minimum temperature yesterday was 69 and Thursday it was 72.

These figures were obtained from J. R. Brink, the "weather man."

11 MORE AND THE S. T. C. ENROLLMENT WILL BE 1,000

Was at the 989 Mark This Morning—Four Figues May Be Reached Next Week.

Eleven more students and the enrollment at the State Teachers College will reach 1,000. This morning there were 989 students enrolled, counting the Conservatory of Music.

It is probable that more than eleven students will enroll within the next few days and the record enrollment will be in four figures.

The record before this summer was 703 in the summer of 1916. Last summer the total enrollment was 692, so already there has been an increase of 297, or a percentage of about forty.

DE MOLAY EXCURSION TO OMAHA POSTPONED ONE WEEK

Local Organization May Enter Team in Track Meet July 4 at Lake Contrary

The excursion to Omaha which was planned by the local chapter, Order of De Molay for Sunday, June 18 has been postponed one week and will be held on the twenty-fifth of the month. There will be no excursion on the eighteenth. This was announced by the officials of the Wabash railroad today.

A letter has been sent to the management of Lake Contrary at St. Joseph asking for permission to enter a DeMolay track team in the meet which is to be held there July 4. The local chapter plans to enter a pair of quarter milers, a 220 man, a high hurdler, a pole vaulter, a high jumper and a relay team. Other men may enter for additional events.

At this meet, which is to be for amateurs, silver loving cups are given for first place in all events and medals for other places. All men on the winning relay team will receive loving cups.

This afternoon the first practice of the De Molay orchestra was held. Six pieces will be used for the present. The boys who will play in the orchestra are: Ralph Eversole, violin; Donald Dowell, saxophone; Ray Bloomfield, saxophone; Merlin Wareheim, piano; Forrest Froman, clarinet; William Gaugh, cornet.

The practice this afternoon was held at the State Teachers College.

MANY STUDENTS SPEND WEEK-ENDS AT THEIR HOMES.

A high percentages of the students at the State Teachers College spend their week-ends at their homes, on account of the fact that the roads are good for driving motor cars and the fact that many of them come from other sections of Nodaway county and the surrounding counties. A large number of the students left yesterday afternoon after classes and this morning for their homes for the week-end.

Ames, Ia., Student Here

Mr. and Mrs. Frederick O'Riley arrived in Maryville today from Ames, Ia. Mr. O'Riley has beena government student in the State Agriculture College at Ames for the past year and will enter the College here for the summer session, where he will work on his high school requirements. He will return to Ames for next winters work .

ORLO QUINN HOME TO VISIT MOTHER

CAPTAIN IN U. S. AIR SERVICE IN MARYVILLE

STATIONED AT PANAMA

Will Return Via New York City—Accompanied Here by His Sister

Captain Orlo H. Quinn of the Air Service, U. S. Army, is in Maryville visiting his mother, Mrs. Flora Quinn. He arrived last night with his sister, Mrs. Sterling Brush of Greeley, Colo. Captain Quinn is on a two and a half months leave of absence from his duties. He is stationed at France Field near Cristobal, Panama He left Panama and came up the Pacific Coast to Los Angeles. From there he went to Greeley, Colo., and then to Maryville. After a visit of ten days with his mother he will go to New York City and from there he will sail down the Atlantic coast to Panama.

Captain Quinn is a Maryville boy and a graduate of the State Teachers College. He was graduated with the class of 1915 and received the degree of Bachelor of Pedagogy. While a student of the College he was prominent in athletics, being captain of the Bearcat basketball team for two years and playing football and engaging in track.

In speaking of Panama Captain Quinn said "It is a very interesting place far a short time, but I don't think that it would be very interesting to many white people."

His duties as a captain in the air service are many. As there are so many jungles in Panama it is difficult to get accurate measurements and maps but the use of the aeroplane has made it possible to make mosaic maps with mathematical accuracy. Photography and map making two important duties.

The members of the air service have to patrol the cost line and guard the locks of the Panama Canal. They also regulate the targets for the artillery and engage in communication work with the infantry.

Captain Quinn will remain stationed in Panama for possibly two more years. He has been in the regular army since 1917. When asked if he intended to remain in the air service he said, "I anticipate no immediate change. I am very fond of flying and it is very fascinating. One would think that doing the same thing day after day would grow monotonous, but the air service never grows tiresome to me."

Captain Quinn was asked if he had ever been in a plane smash up and he replied that he had not. He said that from the first he had made a study of the causes of accidents and spills and that he had found that 99 per cent of them were due to foolhardiness or carelessness.

He spoke of the climatic conditions in Panama. There are eight months of the year when it rains practically all of the time. The other four months are called the dry season. At this time it is very pleasant as there are trade winds blowing practically all the time.

The trip from Panama took twelve days coming up and will take eight days going back.

WAVE HULET WON IN FIRST GAME OF TOURNAMENT

She Will Meet Miss Davis in the Second Round—Lethel Garten, Strong Contender

Only one match was played in the first round of the girls singles tennis tournament at the State Teachers College yesterday afternoon. Wave Hulet won in straight sets from Mildred Garten 6-3 6-0. The match was slow and no superior tennis was displayed. The other match between L. Garten and M. Elder was postponed until Monday.

By virtue of her victory of yesterday Miss Hulet is entitled to play in the second round. She will meet M. Davis in the second round.

From the the indications the tournament will be won by either Lethel Garten or Wave Hulet. There are two brackets to the tournament and these girls are in different brackets so they will likely meet in the finals.

Ruth Miller, tennis star of the College is not in school this summer and therefore is not eligible to compete in the tourney.

AMERICAN LEGION PLANS FOR CELEBRATION AT BURLINGTON

Rolla Dicks Post to Have Charge—Parade, Dinner and Fireworks.

The Rolla Dicks Post of the American Legion of Burlington Junction last night decided to celebrate the Fourth of July at that place.

There will be a big parade in the morning, followed by a basket dinner at noon in the park. In the afternoon there will be a baseball game. The teams that will play have not been named. There will also be addresses by prominent men in the afternoon At night there will be a big fireworks display.

Earl Brittain, head of the Post, is in charge of the celebration and has appointed four committees to assist in the preparations. These are finance, entertainment, fireworks and speakers committees.

SCOURGE OF PLANT LICE IN COUNTY

ATTACKING TREES AND MANY VEGETABLES

WATCH MELON VINES

Solution of Nicotine Sulphate or "Blackleaf 40" Will Kill Them Off

From the reports that have come into the county farm bureau a regular scourge of plant lice has covered the county. People in several sections of the county say that the lice have attacked the plum trees, elm trees and garden crops, such as cabbage, beans, pepper plants and especially the radishes. If the radish season was not so nearly over or if it was more of a commercial crop in this part of the state, this would be the crop which would suffer most from these pests.

The mellon vines should be given special attention at present to prevent their being weakened by these lice. The louse are sucking pests and cannot be killed by applying a solution to poison them. To control them use a solution of nicotine sulphite and apply a heavy spray on the vines. The same thing can be bought at any drug store under the name of "Blackleaf 40" which is a 40 per cent solution of the same thing.

An ounce of nicotine sulphite is sufficient for six gallons of water and in larger quantities use one-half a pint to fifty gallons of water. In small quantities use a teaspoon full to a gallon of water.

The most important thing to remember in applying the spray is that the solution does not kill the insects by poisoning them but kills them by contact of their bodies with the solution. Thus, spray thoroughly.

One can tell when the insects are attacking the mellon vines by the leaves curling up and dying. They get on the under side of the leaves and suck the juice out of the plant. The leaves then wrinkle and curl up.

The insect differs in color according to the vines on which it works. If it is working on mellon vines or cabbage plants it is a green insect. If it is working on plum trees or radishes it is a brown bug. This fact accounts for the opinion that there are different varieties of the insect.

RECORD CLINIC AT BURLINGTON JCT.

TWENTY-NINE CHILDREN WERE EXAMINED.

MISS SCULLY IN APPEAL

Went to Where Practice for Children's Day Was Going on and Got Youngsters to Attend.

Burlington Junction has the honor of having the largest clinic that has been conducted in any towns of the county under the direction of the county health officers. Twenty-eight school children and one infant attended the clinic yesterday afternoon. The results of the clinic showed that all of the boys were of normal weight or above, while the girls were all below weight, with the exceptions of two.

The large number which attended the clinic at Burlington Junction yesterday has in part been attributed to the dramatic ability of Miss Margaret Scully. While she and Mrs. Hutchison were in Burlington Junction yesterday preparing for the clinic they found most of the children at the Christian church practicing for a children's day program.

Miss Scully mounted the rostrum and made an appeal to the children to attend the clinic.

"Huh! You ain't goin' to get me down there and run one of them wooden things down my throat," exclaimed one of the boys.

But Miss Scully's appeal finally won the youngsters over and they were convinced that the clinic was something to look forward to rather than to be dreaded.

Dr. C. P. Fryer, county health officer, Miss Margaret Scully and Mrs. Kathleen Hutchison, county health nurses, were in the offices of the health department this morning conducting a clinic for Maryville. They will be in Hopkins Monday and will hold the clinic there in the school building in the afternoon.

The clinic which was held at the County health office this morning was attended by five school children and four infants.

HARMONY IN A. F. L. MEETING DOUBTFUL

SUCCESS DEPENDS ON SIDE-TRACKING OF RESOLUTIONS

MAY CRITICIZE HARDING

Officials of United Mine Workers Hold Mysterious Conferences—Lewis Don't Know

Cincinnati, June 10—Harmony efforts to keep the American Federation of Labor convention at its opening Monday free from strife are in jeopardy today. The success of their efforts depends on sidetracking the resolution asking the Soviets to free political prisoners there and the ability to adjust differences between the carpenters and building trades department of the federation.

The federation is expected to denounce railroad wage cuts, criticize Harding's alleged inimical attitude toward labor, attack the Coronado decision and demand blanket legislation against child labor.

New York, June 10—Mysterious conferences between the highest officials of the United Mine Workers and persons belived to represent the operators are secretly under way today.

"The conferences are unofficial and I can make no prediction," said John L. Lewis. He said he couldn't say if the strike would be ended in a few weeks. It is indicated efforts concentrated toward ending the anthracite strike first.

Washington, June 10.—The creation of a federal mine labor board similar to the railroad labor board loomed as a possible solution for the national coal mine strike today. Harding, it is understood, opposed the mine seizure plan advocated by senatorial critics and believed that legislation could be secured.

WOULD LIMIT EXPENSES OF U. S. CONGRESSMEN

Washington, June 10—Representative Andrew, Republican, of Nebraska chairman of the house elections committee, introduced a bill limiting expenses of senatorial candidates to $10,000 and expenses of representatives to $5,000 except where the state laws require smaller amounts.

FARMER, MISTAKEN FOR A BANDIT, SHOT BY OFFICER

Lincoln, June 10—F. W. Lunsman, farmer, was shot in the shoulder early today by Deputy Edward Morris in searching for Fred Brown, kidnapper. Morris says he thought Lunsman was Brown and when an order to halt was disregarded, he fired.

Kunsman says he heard no order to halt. Harry Cornell, also mistaken for Brown, was painfully hurt when the car went over an embankment after the posse punctured his car with shots.

PREPARE FOR AN APPEAL FROM INSTRUCTED VERDICT.

Beaumont, Texas., June 10.—Preparation is being made today for an appeal from the instructed verdict which yesterday ousted Sheriff Tom Garner for connection with the Ku Klux Klan. Judge Street directed the verdict before Garner's side was heard, declaring it proved Garner took the Klan oath.

OUR GREATEST LIVING WOMEN

Senorita Graciala Mandujano asks: "Who are the 12 greatest living women?" She wants to write articles about them for newspapers in her home country, Chili.

The National League of Women Voters, to which the Senorita's question is directed, asks "everybody's help in answering."

What 12 names do you suggest?

Our 12 greatest women are the mothers of our 12 greatest men. To a man's mother goes at least two-thirds of the credit for what he is. What he is not, usually is his own fault.

The mother who has reared a son who becomes a really great man, great in intellect, great in his love for humanity, great in his actions, great in life, great in achievements for having done something to better the conditions of his fellow man, great in being a factor in bringing contentment and happiness to the people, is truly a great woman.

It is the mother love, the mother's tender care, that in a large measure shapes the life of her son. And the American people will always deeply reverence, respect and honor the mother who has given to the country a son who has become illustrous on account of good deeds performed. — Hannibal Courier-Post.

A lot of modern machinery is so complex and wonderfully constructed that an ordinary human being is beginning to look rather simple beside it.

Thomas Foster, the father of Prof. Henry A. Foster of Maryville celebrated his eighty-fifth birthday recently and had as guests four friends whose ages averaged eighty-five years and six months. The total ages of the five men was 427 years which shows that old age is not entirely out of fashion yet.—Moberly Monitor-Index.

STANBERRY TEAM TO GIVE KNIGHTS OF PYTHIAS WORK

After Degree Work Monday Night There Will Be a Banquet at K. P. Hall

The Stanberry degree team of the Knights of Pythias lodge of that city will be in Maryville Monday night and will confer the rank of page on ten candidates in the Maryville lodge. The Stanberry team is composed of from fifteen to twenty men.

The degree work will be carried on at an adjourned meeting of the Maryville lodge at the K. P. hall.

After the meeting a banquet will be held in the lodge rooms. This banquet will be held in cafeteria style and according to Emmett Bartram, chancellor commander of the local lodge, it will be a "royal feed."

The radio outfit for the Maryville lodge has been ordered and should arrive in Maryville within the next three weeks. Part of it came yesterday but had to be returned be cause it was not large enough.

As soon as the set arrives it will be installed in the hall and then daily reports of market, press and sport will be received.

Will Go to Omaha

Mr. and Mrs. Henry Stapler and Mr. and Mrs. J. L. Diss will motor to Omaha tomorrow to visit with Mrs. Stapler's relatives. They will visit Mrs. S[illegible] and Mrs. Diss' father, A. T. [illegible], their sister, Mrs. John Awalt and her two brothers, W. T. and C. J. Funk.

Drove to Stanberry

Miss Mary Lewis and Glen Rickard of El Reno, Okla., who is a guest at the home of Mr. and Mrs. Martin Lewis, Sr., drove this morning to Stanberry, where they took dinner with Mr. and Mrs. Cleo Gregg. This afternoon they will drive to Clearmont, where they will be entertained with a 6 o'clock dinner by Miss Mary Wallace.

PETER PAN AT THE EMPIRE THEATER LAST NIGHT

Peter Pan, the educated pony, along with Loraine and her trained canines, gave a performance last night at the Empire Theater. Peter had a number of clever tricks. He could do most everything from showing how the Maryville boys kiss their girl friends to picking out various colors. He appeared again this afternoon in matinee and will be on the bill again tonight.

INCOME TAX PAYMENTS SHOW COMPARATIVE REDUCTIONS

Jefferson City, June 10—With reports missing from 10 counties, a total of only $2,727,478.92 has been returned in state income taxes to State Auditor George E. Hackmann as compared with a total of $4,930,927.25 in 1921, or a decrease of approximately 43 per cent from last year.

It is estimated that the returns from the 10 counties will bring the total to approximately $2,763,000. The missing counties had a return last year of approximately $72,000 and it is believed that this figure will be cut in two this year.

While the rate of the income tax has been slightly decreased this year from 1½ per cent to 1 1-3 per cent the big drop in the tax is attributed primarily to the unemployment and reduction in salaries. The present returns are on the incomes received during 1921.

They have just bought a Macneale & Urban burglar-proof safe of large size, with the most improved locks and are constructing a fire proof vault. These safes cannot be opened, or at any rate no burglar ever has opened one and there certainly can be no danger of burglary in their use.

STAR AT ELECTRIC THEATRE HAD A COLD BATH

In the Episode Monday a Rope Broke and He Fell, Bound Hand and Foot into Swift Stream

Wallace MacDonald, popular actor and dare-devil, now staring in "Breaking Through," a serial running on Mondays at the Electric Theater, had a cold shower while the picture was being made.

Toward the end of the episode that will be shown Monday the hero falls into the power of "Bull" Moakley, under whose direction, he is bound and taken to a cliff above a swift stream. There he is lowered by a rope to a small rock in the middle of the channel and left to think things over.

As MacDonald was dangling in midair, his hands and his feet bound, the rope suddenly snapped in two and his body shot downward. He disappeared in the rushing current of the turbulent mountain stream. Several men of the party jumped into the water to rescue him but MacDonald is an expert trick swimmer and he knows how to to keep above water even when bound hand and foot. Without aid he managed to reach the shore. Later he was ready to repeat his performance, but this time insisted on a new coil of rope.

MAPEL BEGINNING FOURTH SERIES QUARTERLY MEETINGS

The Rev. Frank J. Mapel left this morning for Albany where he will begin his first part of the fourth series of quarterly meetings of the churches of the Gallatin district. He will hold a meeting at the Freeland Church in Worth County tonight and tomorrow he will be at Hill's Chapel near Albany. He will return to Maryville Monday.

100 PER CENT BACHELORS OF CONSERVATORY FACULTY

Each of the Three Male Members Have Withstood Sieges to the Present

Not so many schools in the country can boast of as high percentage of bachelors on their faculties as can the Conservatory of Music of the State Teachers College. In fact the percentage is 100. Charles R. Gardner, head of the Conservatory, Christian D. Kutschinski, instructor in violin, and Thomas H. Annett, instructor in piano are still withstanding the sieges of the fairer sex.

At the State Teachers College proper the percentage of married male instructors is nearly as high as the unmarried ones of the Conservatory. M. W. Wilson chemistry teacher, is the only one who is still single.

FOURTEEN PURE BRED BULLS REPLACE SCRUBS THIS YEAR

County Has Start on Race to Win State Prize Again this Year

Fourteen pure bred bulls have replaced scrub bulls in Nodaway county this year, according to Roy A. Kinnaird, county farm agent. The bulls have been confined to three breeds of the beef type of cattle, the Angus, Shorthorns and Herefords. Two angus have been in the replacements with four herefords and eight shorthorns.

Nodaway County placed first last year in the number of pure bred bulls which replaced scrubs and won the prize offered by the Kansas City Chamber of Commerce.

Those who have added pure bred bulls to their farms are S. D. Ditto, P. W. Shaefer, R. D. Finn, I. V. McKee and Nett Cowan of Hopkins; T. D. Hornbuckle, Alvin Neal and C. B. Hornbuckle of Clearmont; W. C. Eckery, Conception Junction; Joseph E. Mayer, Burlington Junction; J. Ralph Pope, Skidmore; I. C. Patterson, Maryville; J. C. McMahon, Pickering an dJ. Thummel, Parnell.

Most breeders who raise pure bred stock sell their animals out for breeding purposes but there is also quite a lot of shipping of cattle to the market for meat supply. Generally the stock that is used for this purpose is shipped into the county, fattened and then shipped out again. Much of it is grade stock. The general method used is to feed the cattle ensilage, alfalfa hay and a moderate amount of corn and linseed and cotton seed meal.

Some feeders let the stock rough it through the winter in the stock fields and feed them some hay and then fatten them during the summer months on grass and finish them up on corn.

To Close Tonight.

The Dorothy Reeves Stock Company will close tonight its week's engagement at the tent on East Third street with the presentation of "The Mills of the Gods."

Who Are the 5 Great Ball Players?

Boys, here's a new one. See the funny sentences in the picture. They are the names of Five Big League Ball Players with the letters of their names re-arranged. Can you straighten out the letters to spell their names correctly? If you can, it will be easy for you to win a real Culver Racer Automobile or $250 in cash.

Start right in. The first name is—well, I'm sure you can guess. Yes—it's Bambino Ruth, the mighty "Babe," king of the home run hitters. Put that down on your list and it will be easy to get the rest. Just to help refresh your memory, I am naming some of the star players: Tyrus Cobb, Tris Speaker, Bambino Ruth, George Sisler, Carl Mays, Ray Schalk, Roger Hornsby and Waite Hoyt.

135 Points Wins First Prize

If you can correctly re-arrange the five names of the baseball players I'll give you 100 points toward winning the $250 prize or the Culver Auto. You will gain 25 more points by proving that you have shown a copy of The Rural Weekly to three of your friends. This will give you 125 points in all. The final 10 points will be awarded by the judges of the puzzle to the boy who sends in the largest correct list of words made up from the letters in the name of the Home Run King—"Bambino Ruth."

Send in your names of the five ball players and your list of words together. Send them in NOW.

In making up your list of words from the name "Bambino Ruth," only letters that appear in his name can be used. A letter can be used in a single word only as many times as it appears in the name of the ballplayer. Only words found in Webster's dictionary can be counted. Abbreviations, proper nouns, profixes, suffixes, obsolete and foreign words can not be counted. Words spelled alike but with different definitions can only be counted as one word. By just looking at the name "Bambino Ruth," you can see such words as "am," "in," "on," "ran," "bin," etc.

The winning answer, or the one earning 135 Points will receive $250 in cash or the Culver Racer. There are 10 Big Prizes, and in case of a tie each tying contestant will receive identical prizes.

Everybody Wins a Prize

Remember, boys, you don't have to spend one penny of your own money to win, and everybody who helps boost The Rural Weekly wins a Special Prize. You can win one. All you need to do is introduce The Rural Weekly to three of your friends; but first send your answer to the puzzle, and if it is correct, I'll give you 100 points. Then I'll show you how easy it is to gain the other 35 points necessary to win the $250 prize or the Culver Auto.

Write the names of the five ball players correctly on a piece of paper, and send it in right away with your list of words. July 8th is the last day to send your answer. HURRY!

UNCLE BILL, Baseball Dept. 35 92 East Fourth St., St. Paul, Minn.

Confessions.

Some men are incapable of being serious about anything—except the next meal. She is really pretty; small, exquisitely finished, with that "look-you-straight-in-the-eye" air which so many girls seem to have acquired during the war. I felt that she was thoroughly well able to take care of herself. Except, perhaps, in dress. The first night she came down in a frock which hardly reached her knees and seemed to stop short at the waist—bare arms, bare shoulders, bare back; I was quite shocked for a moment when Will came into the drawing room without knocking.—From "Confessions of a Well-Meaning Woman," by Stephen McKenna.

News From Over The County

The Barnard Bulletin.

Little Marie Everhart, four-year-old daughter of Mr. and Mrs. Jessie Everhart who live east of Arkoe, suffered a badly scalded foot one day last week. Her mother had taken a boiler of hot water from the stove and set it on the floor when the little girl came along with a shoestring untied and placed her foot in the boiler lid to tie the shoelace. The boiler lid fell in plunging her foot in the water and severely scalding it. She is getting along nicely at this time.

Mrs. C. L. Griggs and daughter, Emogene of Savannah visited Tuesday at the M. L. Griggs home east of Barnard. They went to Guilford Tuesday evening for a few days visit with her parents, Mr. and Mrs. G. L. Covey.

Noma Robinson has been employed to teach the Miller school west of Barnard, at a salary of $100 per month. She is attending school at the State Teachers' College at Maryville this summer.

Plans are on foot to remodel the M. E. Church building in Barnard and make it a strictly modern building. It is being talked by the Board of trustees who have had several meetings and estimates are being secured on the various parts of the work.

Mr. and Mrs. John E. Rush attended the Alumni Banquet of the Maryville State Teachers' College Tuesday night. Others from Barnard and from the Barnard high school attending were Miss Fern Campbell, Miss Eulah Pearce, Miss Lillie Nelson and Miss Opal Key all of whom graduated from the Barnard high school.

The Elmo Register.

Misses Mary and Amy Johnston finished up their school near New Raymer, Colo., and returned to Elmo last week. After visiting here for a few days they will leave for Ceres, N. Y., about next Monday. Their sister, Alice who has been going to school at College Springs, will go with them. All three have schools engaged near their new home in Pennsylvania. They will travel by auto.

E. V. Davis has been appointed deputy collector of internal revenue at Kansas City. He is the youngest son of the late N. G. M. Davis, well known here.

Mr. and Mrs. A. W. Horn, who lived here for many years but have moved away, returned home Thursday night of last week. For the last several years they have been living at Eldorado Springs but have sold out and came home to spend their remaining years. Mr. Horn is a veteran of the Civil War, but looks hale and hearty and seems to be enjoying good health.

Mrs. Clevia Dougherty received a nice box of tomatoes this week, a present from a sister who lives at San Benito, Texas. They were nice, as the editor can testify.

John Tudder's little son was kicked in the face last week by a pony. He was too far away for the hurt to be serious.

The Hopkins Journal.

Mrs. Howard Stewart has taken the place of Miss Ethel Winters as local manager of the Hopkins Telephone Company, having been in charge the last month and is making a manager popular with all the patrons. Miss Winters, we understand, is working in Maryville.

Charley Wood, Jr., who was working in Maryville, grew tired of city life and will work on a farm for Cal Lee, near Bedford, during the summer.

Earl Miller, a student at Madison, Wis., is at home for the summer vacation.

Mr. and Mrs. J. M. Moorhead of Kansas City are visiting in the home of his parents, Mr. and Mrs. W. L. Moorhead, and will remain a couple of weeks. Jack is still with the Kansas City Journal, going from the Star to the Journal when that paper was purchased by Mr. Dickey.

Mrs. Robert Coleman and daughter, Helen, returned last Sunday night from a seven month visit in California and other western states.

The Ravenwood Gazette.

Mr. and Mrs. A. H. Stoneburner and daughter, Dorris went to Omaha Monday to consult a physician in regard to the health of Dorris. After examination it was decided to operate and the operation was performed Tuesday.

Ashley Stuart of Detroit, Mich., arrived here Sunday for a visit with his aunt, Miss Emma Stuart and other relatives. Mr. Stuart was for several years a resident of Gentry county, and was well known here having worked near Ravenwood for some time. He served in the World War, spending one year in France and contracted rheumatism, which has greatly crippled him. He is now attending government training school at Detroit and is taking dental work. Mr. Stuart will spend about ten days here and at Stanberry.

Mr. and Mrs. W. A. Conn, accompanied by Mrs. Libbia Hunt of Maryville, were called Saturday to Grant City to the bedside of their uncle and brother, Al Conn, who for some time had been critically ill and who died Saturday night. Mr. and Mrs. Conn returned home Sunday. They attended the funeral of the aged uncle which was held in Grant City Monday and interment was made in Allendale cemetery.

The Elmo Register

L. W. James is the first one in this locality to install a radio outfit. He has one at his home north of Elmo and can get the markets from Omaha hear concerts from Omaha or Lincoln and get the general news from everywhere within a radius of one hundred miles or more.

W. C. Farqubar continues very ill, and death was expected at any time during Monday and Tuesday, but this morning Wednesday, he is reported to be better.

The Guilford Times

Fred H. Byergo, wife and son Fredrick of St. Joseph motored to Guilford Saturday to visit his mother and sisters Mrs. S. E. Jobe and Mrs. W. T. Ross. They returned home Sunday evening.

Miss Laveta McClanahan came home Saturday from Des Moines, Ia., to visit her parents. She went to Maryville Monday evening to attend the graduating exercises of the S. T. C. class and to visit with Miss Alice Thompson who is attending school there.

Hershel Conklin and wife of Maryville spent Sunday at the home of Mr. and Mrs. Ernest Nelson. Mrs. Conklin was formerly Miss Zeta Wilson.

On Friday night about 50 or 60 boys, girls, men and women gathered in town and treated Leslie Reynolds and bride to an old fashioned charivari and of course the treats of cigars and candy had to follow. Following this about 20 or 25 of the crowd went in a truck and autos and likewise serenaded Lester Brittain and wife, who were at the home of his parents, W. E. Brittain.

Burlington Junction Post

W. G. Schmauder of Dallas, Texas visited here a couple of days last weeks with his mother, Mrs. A. M. Schmauder, enroute home from Atantic City, N. J.., where he had been to attend a convention.

Miss Anna Crane, who attended school at Des Moines, Iowa, the past year, arrived home the latter part of the week to spend the summer vacation.

Rev. F. E. Edwards went to Stanberry this morning where he is assisting in the Methodist hospital drive.

Mr. and Mrs. Glenn Hull of southeast of Burlington Junction announce the birth of a son, Glenn Melvin, on Friday, June 2nd.

Mrs. C. F. Ross, who underwent an operation at Ensworth hospital in St. Joseph Saturday, is reported as recovering nicely.

Out of town members attending the monthly meeting of the board of directors of the Northwestern Bank yesterday morning were E. C. and Robert Wolfers of Hopkins and Fred Wolfers of Maryville. P. Cummins of east of town and Enos Fast, who lives west of the river, were also in attendance.

M. M. Staples, about seventy five years old, and known by many people here, died Tuesday morning at his home in Belleville, Kansas. He was a brother to M. W. Staples of Burlington Junction.

Miss Lucile May Carter will arrive tomorrow from Des Moines, Ia., where she has been teaching school, to spend a week at the home of her parents, Dr. and Mrs. M. Carter. From here she will go to Colorado, where she will spend her summer vacation.

The Clearmont News.

Eldon Milbanks had a wagon load of hay turn over with him Tuesday afternoon and a pitchfork tine ran into his leg about six inches. Dr. Wiley was called and dressed the wound and at last reports is getting along as well as could be expected.

A daughter was born to Mr. and Mrs. M. I. Rose yesterday morning, consequently M. I. is feeling considerably elated as they now have a boy and a girl.

Cecil Culver, one of the Clearmont graduates, has been hired to teach the Hazel Dell school the coming year.

Ross Wallace is taking his lay off at present, and Clyde McMillan is carrying his mail in his place.

Beverly Ingram, who has been attending Missouri Wesleyan the past year, came home Monday evening.

Wins a Number of Races

B. A. Jones of Parnell has three of his race horses at Omaha and has won a number of races already. Last Saturday was opening day. In the six furlong race his horse Mark Denunzio took second money, and in the five and one-half furlongs his horse Money was first. Money won six straight races at Havana Cuba, last winter,—Sheridan Advance.

JACK AND HIS MONOCLE

When the steamer bringing Jack Dempsey home from Europe docked a large crowd was on hand to welcome the champion. It emitted a huge gasp when Jack walked down the gangplank wearing a "pane of glass" in his eye. He explained afterward that the monocle was one of his little jokes, like the story that he was to marry a Colorado girl.

Owning the Alphabet.

Some time ago the Canadian Pacific Railway company issued notices to certain hotels, restaurants, shops, etc., protesting against the unauthorized use of its initials. One Timothy O'Brien, proprietor of the "C. P. R. Barber Shop" in a prairie village received the warning, and replied as follows, says the London Post:

Dear Sir: I got your notis. I don't want no law soot with yure company. I no yure company owns most everything—ralerodes, steemers, most of the best land and the time, but I don't kno as you own the hole alphabet. The letters on my shop don't stand for yure ralerode, but for somethin better. I left a muther in Ireland, she is dead and gawn, but her memories are dear to me. Her maiden name was Christina Patricia Reardon, and what I want to no is what you are going to do about it. I suppose you won't argue that the balance of my sign what refers to cut rates has got anything to do with yure raleroods. There ain't been no cut rates round these parts that I nos of.

ECONOMY MERCANTILE CO'S SALE CLOSES TODAY

Lewis Kaufman, Proprietor to Go to St. Louis Tomorrow for Purpose of Purchasing Stock

The Economy Mercantile Co., is holding today the closing day of its sale that has been going on for several weeks, disposing of the bankrupt stock of Eversole and Son.

Lewis Kaufman, proprietor of the store will leave tomorrow for St. Louis, where he will purchase a stock of goods to be placed in the store with the view of making it a permanent institution. The store will not be open Monday and will remain closed for several days, while the remainder of the bankrupt stock is being rearranged and while the new stock is being put in. It will be opened at a date not yet announced. Mr. Kaufman says that the sale proved a success and that he is well satisfied with the business situation here.

DOYLE WILL ENTERTAIN C. OF C. MONDAY NIGHT

Will Give Program Similar to His Chautauqua Programs of Past Years.

The entertainment committee of the Chamber of Commerce has arranged what they say is one of the best entertainments that the Chamber of Commerce has ever had. For the Monday evening program which will be held at the Linville Hotel, they have arranged to have Price Doyle, music director of the Christian church, give the evening's entertainment. Mr. Doyle will not give out what his program will consist of but it is known that it will be something similar to the programs that he gave during the seasons that he was with the chautauquas.

VACATION BIBLE SCHOOL WILL OPEN JUNE 19

Thursday, June 15 Is Enrollment Day—Committee Held a Conference Last Night

Monday, June 19th at 9 o'clock in the morning will be the opening day and hour for Maryville's second Daily Vacation Bible School. Next Thursday, afternoon, June 15th, will be enrollment day, from 2 to 4 o'clock The committee held a conference last night and things are now running nicely and will insure a good start for the 19th.

After careful consideration it was decided to use the Washington School rather than any of the churches. The school board expressed their gladness in cooperating in this way with such a worthy community enterprise. The enrollment will be at the Washington School. Parents should endeavor to enroll their children then, in order to make the work of the opening day lighter.

$1.50 will be the tuition fee for the five weeks term. Less than a full term will be at the rate of 50 cents per week. It is hoped to make the school entirely self-supporting. However, the committee says that no child will be kept away on account of inability to pay this fee.

A number of folks last year established scholarships for one or more children, or made special contributions. Families not having children of their own helped give a Daily Vacation Bible School to other children. All those who want to help in this way this summer are asked to arrange for it with Miss Hazel Sheridan at the First National Bank. At the meeting last evening she was elected secretary and treasurer of the committee.

WATER GOING OUT TO STAND A TEST

TEN SAMPLES RECEIVED BY DR. C. P. FRYER

TO GO TO COLUMBIA

City Water is Declared Fit for Consumption—Other Tests to be Made

Dr. C. P. Fryer has received ten containers from the public health laboratories at Columbia and will send ten samples of water from this county to be tested. These will be sent Monday and returns on the tests will perhaps be received the last of next week. Those who have applied to Dr. Fryer to have water tested are T. C. Gray, W. T. Gray, Fred French, Mrs. Fulton, Miss Hilda Lahr, Ernest Welborn, Emma Hull, N. C. Case and the Elks club of Maryville and Mrs. Lincoln of Pickering.

The city water in a test made at Columbia recently for the County health department was declared to be safe for human consumption. Other tests of the city water will be made from time to time.

The survey which the department had planned to put on in Maryville this week, in which houses there were students in the State Teachers College are quartered would be visited, has not ben started as yet on account of the fact that the work of enrollment at the College not being completed, so that complete lists could be obtained.

The county health department is giving free of charge to anyone who comes in for it, typhoid fever innoculation, which makes the subject immune for about three years.

It has been pointed out that for the people in Maryville the one sure way of being safe from exposure to typhoid germs is to use the water from the city mains. A close check is kept on the city water and every effort is made to have it tested, treated and kept fit for human consumption. In the case of a well and especially an open spring, one is never sure that the water is safe, unless it has been tested and the test shows it to be all right. In the case of an open spring it might be safe one day and become contaminated over night so that it would no longer be safe.

GOWDY PLEADS GUILTY; GETS 3-YEAR SENTENCE

Was Charged With Grand Larceny in Several Counties—Other Charges Dismissed.

Lee Gowdy, charged in seven or eight indictments with grand larceny and receiving stolen property, pleaded guilty to receiving stolen property in the circuit court at Rock Port Thursday and was sentenced by Judge John M. Dawson to three years in the penitentiary. John Hibbinga of Omaha pleaded guilty to a charge of bigamy and was sentenced by Judge Dawson to two years in the penitentiary.

The Lee Gowdy cases have occupied public attention in three or four counties in Northwest Missouri for the past five or six months, the cases having been scattered among these counties by changes of venue. Upon Gowdy's plea of guilty Thursday the other cases against him were dismissed on the condition that he pay all costs, which will amount to several thousand dollars.

Lee Gowdy comes from one of the most prominent families near Tarkio and his indictment and arrest caused much surprise. He was charged jointly with Charles A. Gross, who later jumped his bail and is still a fugitive from justice. Gowdy also jumped bail on the eve of his first trial at Maryville but later gave himself up.

Hibbinga married a woman from Omaha at Rock Port recently, but was apprehended and brought back on a charge of bigamy, pleading guilty to the charge in the circuit court Thursday.

Atchison county now, with a population of about 13,000, has now serving time in the penitentiary more than 25 inmates, 10 of whom, including Gowdy and Hibbinga, have been enrolled there since the November term of court, 1921.

Miss Helen Tobin left this morning for a three weeks' vacation in the East. She went to Des Moines this morning where she will meet her cousin, Miss Belle Sherlock, who will go with her on the visit to various points which will include Chicago, New York and Washington, D. C.

AGREE TO ACCEPT PACT PROPOSED FOR IRELAND

British Signatories Ready to O. K. Arthur Griffith's Proposed Constitution

London, June 10—The British signatories of the Anglo-Irish peace treaty have agreed to accept Arthur Griffith's draft of the proposed constitution of the Irish Free State. Premier Lloyd George warned acceptance of the provisional government depended upon ratification by Dublin of the constitutional revisions drafted during the London negotiations.

THURSDAY HOTTEST DAY SO FAR THIS YEAR

Mercury Went up to 86—Was Nearly as Hot Yesterday, With a Temperature of 85

Thursday was the hottest day so far this year. The thermometer soared to 86 and stayed there for some time. Yesterday was almost as hot however, the temperature being 85. Yesterday it remained hot all day and well into the night. At 7:30 o'clock in the evening the heat caused the mercury to hover around 81 degrees.

The minimum temperature yesterday was 69 and Thursday it was 72.

These figures were obtained from J. R. Brink, the "weather man."

11 MORE AND THE S. T. C. ENROLLMENT WILL BE 1,000

Was at the 989 Mark This Morning—Four Figues May Be Reached Next Week.

Eleven more students and the enrollment at the State Teachers College will reach 1,000. This morning there were 989 students enrolled, counting the Conservatory of Music.

It is probable that more than eleven students will enroll within the next few days and the record enrollment will be in four figures.

The record before this summer was 703 in the summer of 1916. Last summer the total enrollment was 692, so already there has been an increase of 297, or a percentage of about forty.

DE MOLAY EXCURSION TO OMAHA POSTPONED ONE WEEK

Local Organization May Enter Team in Track Meet July 4 at Lake Contrary

The excursion to Omaha which was planned by the local chapter, Order of De Molay for Sunday, June 18 has been postponed one week and will be held on the twenty-fifth of the month. There will be no excursion on the eighteenth. This was announced by the officials of the Wabash railroad today.

A letter has been sent to the management of Lake Contrary at St. Joseph asking for permission to enter a DeMolay track team in the meet which is to be held there July 4. The local chapter plans to enter a pair of quarter milers, a 220 man, a high hurdler, a pole vaulter, a high jumper and a relay team. Other men may enter for additional events.

At this meet, which is to be for amateurs, silver loving cups are given for first place in all events and medals for other places. All men on the winning relay team will receive loving cups.

This afternoon the first practice of the De Molay orchestra was held. Six pieces will be used for the present. The boys who will play in the orchestra are: Ralph Eversole, violin; Donald Dowell, saxophone; Ray Bloomfield, saxophone; Merlin Wareheim, piano; Forrest Froman, clarinet; William Gaugh, cornet.

The practice this afternoon was held at the State Teachers College.

MANY STUDENTS SPEND WEEK-ENDS AT THEIR HOMES.

A high percentages of the students at the State Teachers College spend their week-ends at their homes, on account of the fact that the roads are good for driving motor cars and the fact that many of them come from other sections of Nodaway county and the surrounding counties. A large number of the students left yesterday afternoon after classes and this morning for their homes for the week-end.

Ames, Ia., Student Here

Mr. and Mrs. Frederick O'Riley arrived in Maryville today from Ames, Ia. Mr. O'Riley has beena government student in the State Agriculture College at Ames for the past year and will enter the College here for the summer session, where he will work on his high school requirements. He will return to Ames for next winters work.

ORLO QUINN HOME TO VISIT MOTHER

CAPTAIN IN U. S. AIR SERVICE IN MARYVILLE

STATIONED AT PANAMA

Will Return Via New York City—Accompanied Here by His Sister

Captain Orlo H. Quinn of the Air Service, U. S. Army, is in Maryville visiting his mother, Mrs. Flora Quinn. He arrived last night with his sister, Mrs. Sterling Brush of Greeley, Colo. Captain Quinn is on a two and a half months leave of absence from his duties. He is stationed at France Field near Cristobal, Panama He left Panama and came up the Pacific Coast to Los Angeles. From there he went to Greeley, Colo., and then to Maryville. After a visit of ten days with his mother he will go to New York City and from there he will sail down the Atlantic coast to Panama.

Captain Quinn is a Maryville boy and a graduate of the State Teachers College. He was graduated with the class of 1915 and received the degree of Bachelor of Pedagogy. While a student of the College he was prominent in athletics, being captain of the Bearcat basketball team for two years and playing football and engaging in track.

In speaking of Panama Captain Quinn said "It is a very interesting place far a short time, but I don't think that it would be very interesting to many white people."

His duties as a captain in the air service are many. As there are so many jungles in Panama it is difficult to get accurate measurements and maps but the use of the aeroplane has made it possible to make mosaic maps with mathematical accuracy. Photography and map making two important duties.

The members of the air service have to patrol the cost line and guard the locks of the Panama Canal. They also regulate the targets for the artillery and engage in communication work with the infantry.

Captain Quinn will remain stationed in Panama for possibly two more years. He has been in the regular army since 1917. When asked if he intended to remain in the air service he said, "I anticipate no immediate change. I am very fond of flying and it is very fascinating. One would think that doing the same thing day after day would grow monotonous, but the air service never grows tiresome to me."

Captain Quinn was asked if he had ever been in a plane smash up and he replied that he had not. He said that from the first he had made a study of the causes of accidents and spills and that he had found that 99 per cent of them were due to foolhardiness or carelessness.

He spoke of the climatic conditions in Panama. There are eight months of the year when it rains practically all of the time. The other four months are called the dry season. At this time it is very pleasant as there are trade winds blowing practically all the time.

The trip from Panama took twelve days coming up and will take eight days going back.

WAVE HULET WON IN FIRST GAME OF TOURNAMENT

She Will Meet Miss Davis in the Second Round—Lethel Garten, Strong Contender

Only one match was played in the first round of the girls singles tennis tournament at the State Teachers College yesterday afternoon. Wave Hulet won in straight sets from Mildred Garten 6-3 6-0. The match was slow and no superior tennis was displayed. The other match between L. Garten and M. Elder was postponed until Monday.

By virtue of her victory of yesterday Miss Hulet is entitled to play in the second round. She will meet M. Davis in the second round.

From the the indications the tournament will be won by either Lethel Garten or Wave Hulet. There are two brackets to the tournament and these girls are in different brackets so they will likely meet in the finals.

Ruth Miller, tennis star of the College is not in school this summer and therefore is not eligible to compete in the tourney.

AMERICAN LEGION PLANS FOR CELEBRATION AT BURLINGTON

Rolla Dicks Post to Have Charge—Parade, Dinner and Fireworks.

The Rolla Dicks Post of the American Legion of Burlington Junction last night decided to celebrate the Fourth of July at that place.

There will be a big parade in the morning, followed by a basket dinner at noon in the park. In the afternoon there will be a baseball game. The teams that will play have not been named. There will also be addresses by prominent men in the afternoon At night there will be a big fireworks display.

Earl Brittain, head of the Post, is in charge of the celebration and has appointed four committees to assist in the preparations. These are finance, entertainment, fireworks and speakers committees.

SCOURGE OF PLANT LICE IN COUNTY

ATTACKING TREES AND MANY VEGETABLES

WATCH MELON VINES

Solution of Nicotine Sulphate or "Blackleaf 40" Will Kill Them Off

From the reports that have come into the county farm bureau a regular scourge of plant lice has covered the county. People in several sections of the county say that the lice have attacked the plum trees, elm trees and garden crops, such as cabbage, beans, pepper plants and especially the radishes. If the radish season was not so nearly over or if it was more of a commercial crop in this part of the state, this would be the crop which would suffer most from these pests.

The mellon vines should be given special attention at present to prevent their being weakened by these lice. The louse are sucking pests and cannot be killed by applying a solution to poison them. To control them use a solution of nicotine sulphite and apply a heavy spray on the vines. The same thing can be bought at any drug store under the name of "Blackleaf 40" which is a 40 per cent solution of the same thing.

An ounce of nicotine sulphite is sufficient for six gallons of water and in larger quantities use one-half a pint to fifty gallons of water. In small quantities use a teaspoon full to a gallon of water.

The most important thing to remember in applying the spray is that the solution does not kill the insects by poisoning them but kills them by contact of their bodies with the solution. Thus, spray thoroughly.

One can tell when the insects are attacking the mellon vines by the leaves curling up and dying. They get on the under side of the leaves and suck the juice out of the plant. The leaves then wrinkle and curl up.

The insect differs in color according to the vines on which it works. If it is working on mellon vines or cabbage plants it is a green insect. If it is working on plum trees or radishes it is a brown bug. This fact accounts for the opinion that there are different varieties of the insect.

MANY POSTOFFICE HEADS TO BE CHOSEN IN JULY

RECORD CLINIC AT BURLINGTON JCT.

TWENTY-NINE CHILDREN WERE EXAMINED.

MISS SCULLY IN APPEAL

Went to Where Practice for Children's Day Was Going on and Got Youngsters to Attend.

Burlington Junction has the honor of having the largest clinic that has been conducted in any towns of the county under the direction of the county health officers. Twenty-eight school children and one infant attended the clinic yesterday afternoon. The results of the clinic showed that all of the boys were of normal weight or above, while the girls were all below weight, with the exceptions of two.

The large number which attended the clinic at Burlington Junction yesterday has in part been attributed to the dramatic ability of Miss Margaret Scully. While she and Mrs. Hutchison were in Burlington Junction yesterday preparing for the clinic they found most of the children at the Christian church practicing for a children's day program.

Miss Scully mounted the rostrum and made an appeal to the children to attend the clinic.

"Huh! You ain't goin' to get me down there and run one of them wooden things down my throat," exclaimed one of the boys.

But Miss Scully's appeal finally won the youngsters over and they were convinced that the clinic was something to look forward to rather than to be dreaded.

Dr. C. P. Fryer, county health officer, Miss Margaret Scully and Mrs. Kathleen Hutchison, county health nurses, were in the offices of the health department this morning conducting a clinic for Maryville. They will be in Hopkins Monday and will hold the clinic there in the school building in the afternoon.

The clinic which was held at the County health office this morning was attended by five school children and four infants.

SEVERAL GAMES OF BASEBALL TO BE PLAYED TOMORROW

Some of the Teams are Doing Good Work and Some Fast Games Expected.

Several baseball games will be played in the county tomorrow. The Maryville White Stars will play at Fillmore, Clearmont will play Wilcox at Wilcox, Hopkins will play Ravenwood at Ravenwood, Graham will play Mound City, and Burlington Junction and Elmo will play at Elmo.

Some of these teams are making enviable records. Wilcox and Burlington Junction are hitting a fast pace and all of the other teams are playing good ball.

The game at Wilcox tomorrow should be one of the best of the day. Both teams are playing top-notch ball and a real battle is expected.

HAYS SAYS FANS TO SEE CLEANER MOVIES SOON

Declares That the Artists are Now "Watching Their Step"—People Against Censor.

Chicago, June 10.—The twenty million Americans, who view the movies each day will view cleaner, better and more typically American pictures this summer and fall, said William Hays, director of movies, in an interview today. He declared that all hands are co-operating in style. Movie artists are now watching their step. He said that the people are fundamentally against censorship and expressed an opinion that the demand for censorship will cease when the cause is removed.

LABOR COMMITTEE WILL CONTINUE INVESTIGATION

Unless Hoover Demonstrates Ability to Prevent Raise of Coal Price Probe Will Go on.

Washington, June 10.—Unless Secretary Hoover is able to demonstrate his ability to secure reductions or prevent increases in the soft coal prices, the senate labor committee will continue their investigation of price fixing agreements and demand Attorney General Daugherty secure indictments if evidence warrants, Senator Walsh, Democrat, of Massachusetts, announced following a conference with Senator Borah.

TWO DIAMOND RINGS FOUND IN ST. JOSEPH

The Niedels Rings Taken from Their Home Near Barnard Were Identified in Pawn Shops

Two diamond rings taken from the home of Mr. and Mrs. L. A. Niedel, living near Barnard, about a week ago, were found in St. Joseph in two pawn houses on Edmond street. Sheriff Roach accompanied by Mr. and Mrs. Neidel was in St. Joseph yesterday. The rings were identified by the Niedels and they paid the loans on them, one for $8 and the other for $5.25 and got possession of them. The rings were valued at about $200. They were taken one day last week while the Niedels were away from home.

Mr. and Mrs. P. H. Dietz expect their daughters, Miss Edna and Miss Esther, home this evening from Sioux City, Ia., where they have been teaching in the city schools. They will spend their summer vacation here with their parents.

To Sing at Presbyterian Church

Mrs. Allen Hinckley of Kansas City will sing two selections from Handel's Messiah at the Presbyterian Church at 11 o'clock tomorrow morning. The two numbers which she will sing are "He was Despised and "He Shall Lead His Flock." Mrs. Hinckley is the voice teacher this summer at the Conservatory of Music.

Ed Rickards and family of Hopkins are in town today.

HARMONY IN A. F. L. MEETING DOUBTFUL

SUCCESS DEPENDS ON SIDE-TRACKING OF RESOLUTIONS

MAY CRITICIZE HARDING

Officials of United Mine Workers Hold Mysterious Conferences—Lewis Don't Know

Cincinnati, June 10—Harmony efforts to keep the American Federation of Labor convention at its opening Monday free from strife are in jeopardy today. The success of their efforts depends on sidetracking the resolution asking the Soviets to free political prisoners there and the ability to adjust differences between the carpenters and building trades department of the federation.

The federation is expected to denounce railroad wage cuts, criticize Harding's alleged inimical attitude toward labor, attack the Coronado decision and demand blanket legislation against child labor.

New York, June 10—Mysterious conferences between the highest officials of the United Mine Workers and persons belived to represent the operators are secretly under way today.

"The conferences are unofficial and I can make no prediction," said John L. Lewis. He said he couldn't say if the strike would be ended in a few weeks. It is indicated efforts concentrated toward ending the anthracite strike first.

Washington, June 10.—The creation of a federal mine labor board similar to the railroad labor board loomed as a possible solution for the national coal mine strike today. Harding, it is understood, opposed the mine seizure plan advocated by senatorial critics and believed that legislation could be secured.

WOULD LIMIT EXPENSES OF U. S. CONGRESSMEN

Washington, June 10—Representative Andrew, Republican, of Nebraska chairman of the house elections committee, introduced a bill limiting expenses of senatorial candidates to $10,000 and expenses of representatives to $5,000 except where the state laws require smaller amounts.

FARMER, MISTAKEN FOR A BANDIT, SHOT BY OFFICER

Lincoln, June 10—F. W. Lunsman, farmer, was shot in the shoulder early today by Deputy Edward Morris in searching for Fred Brown, kidnapper. Morris says he thought Lunsman was Brown and when an order to halt was disregarded, he fired.

Kunsman says he heard no order to halt. Harry Cornell, also mistaken for Brown, was painfully hurt when the car went over an embankment after the posse punctured his car with shots.

PREPARE FOR AN APPEAL FROM INSTRUCTED VERDICT.

Beaumont, Texas., June 10.—Preparation is being made today for an appeal from the instructed verdict which yesterday ousted Sheriff Tom Garner for connection with the Ku Klux Klan. Judge Street directed the verdict before Garner's side was heard, declaring it proved Garner took the Klan oath.

OUR GREATEST LIVING WOMEN

Senorita Graciala Mandujano asks: "Who are the 12 greatest living women?" She wants to write articles about them for newspapers in her home country, Chili.

The National League of Women Voters, to which the Senorita's question is directed, asks "everybody's help in answering."

What 12 names do you suggest?

Our 12 greatest women are the mothers of our 12 greatest men. To a man's mother goes at least two-thirds of the credit for what he is. What he is not, usually is his own fault.

The mother who has reared a son who becomes a really great man, great in intellect, great in his love for humanity, great in his actions, great in life, great in achievements for having done something to better the conditions of his fellow man, great in being a factor in bringing contentment and happiness to the people, is truly a great woman.

It is the mother love, the mother's tender care, that in a large measure shapes the life of her son. And the American people will always deeply reverence, respect and honor the mother who has given to the country a son who has become illustrous on account of good deeds performed. — Hannibal Courier-Post.

A lot of modern machinery is so complex and wonderfully constructed that an ordinary human being is beginning to look rather simple beside it.

Thomas Foster, the father of Prof. Henry A. Foster of Maryville celebrated his eighty-fifth birthday recently and had as guests four friends whose ages averaged eighty-five years and six months. The total ages of the five men was 427 years which shows that old age is not entirely out of fashion yet.—Moberly Monitor-Index.

STANBERRY TEAM TO GIVE KNIGHTS OF PYTHIAS WORK

After Degree Work Monday Night There Will Be a Banquet at K. P. Hall

The Stanberry degree team of the Knights of Pythias lodge of that city will be in Maryville Monday night and will confer the rank of page on ten candidates in the Maryville lodge. The Stanberry team is composed of from fifteen to twenty men.

The degree work will be carried on at an adjourned meeting of the Maryville lodge at the K. P. hall.

After the meeting a banquet will be held in the lodge rooms. This banquet will be held in cafeteria style and according to Emmet Bartram, chancellor commander of the local lodge, it will be a "royal feed."

The radio outfit for the Maryville lodge has been ordered and should arrive in Maryville within the next three weeks. Part of it came yesterday but had to be returned be cause it was not large enough.

As soon as the set arrives it will be installed in the hall and then daily reports of market, press and sport will be received.

Will Go to Omaha

Mr. and Mrs. Henry Stapler and Mr. and Mrs. J. L. Diss will motor to Omaha tomorrow to visit with Mrs. Stapler's relatives. They will visit Mrs. Stapler's and Mrs. Diss' father, A. T. Funk, their sister, Mrs. John Awalt and her two brothers, W. T. and C. J. Funk.

Drove to Stanberry

Miss Mary Lewis and Glen Rickard of El Reno, Okla., who is a guest at the home of Mr. and Mrs. Martin Lewis, Sr., drove this morning to Stanberry, where they took dinner with Mr. and Mrs. Cleo Gregg. This afternoon they will drive to Clearmont, where they will be entertained with a 6 o'clock dinner by Miss Mary Wallace.

Uncle Abner says it is best to look out for the man who is always looking out for himself.

We venture to say that the average Maryville girl gets a bigger thrill out of doning a pair of knickerbockers than in knocking the little white ball around the green.

Wouldn't it be fine if we could say as many things which were bright as the bright things we said as a baby.

A lot of cases of the blues may be traced to the green eyed jealousy of people.

The most dangerous thing for a man to have is too much time.

The World War has been a matter of history for more than three years but surplus army goods is still offered to the public. The government evidently thought it was going to last to eternity and stocked up.

After we learn a lot of things by experience we find they were not worth knowing.

The stork is not always an observer of the niceties of etiquette. He often pays a visit after the welcome sign is removed.

From the fact that electric fan displays are seen in store windows we are safe in remarking that summer is here.

No bobbed haired Maryville girls will admit that they cut their hair for style. They usually insist that they had the job done because of split ends and falling hair to promote growth.

Louise, the stenographer, says she had noticed that the things which we get for nothing are seldom enjoyed.

The Road to Yesterday.

Who of us can't remember the day when Maryville men were right in style when they wore a silk cord attached to their straw hats to keep them from blowing away? Also when the dear ladies blossomed out in the basque and the polonaise?

PETER PAN AT THE EMPIRE THEATER LAST NIGHT

Peter Pan, the educated pony, along with Loraine and her trained canines, gave a performance last night at the Empire Theater. Peter had a number of clever tricks. He could do most everything from showing how the Maryville boys kiss their girl friends to picking out various colors. He appeared again this afternoon in matinee and will be on the bill again tonight.

INCOME TAX PAYMENTS SHOW COMPARATIVE REDUCTIONS

Jefferson City, June 10—With reports missing from 10 counties, a total of only $2,727,478.92 has been returned in state income taxes to State Auditor George E. Hackmann as compared with a total of $4,930,927.25 in 1921, or a decrease of approximately 43 per cent from last year.

It is estimated that the returns from the 10 counties will bring the total to approximately $2,763,000. The missing counties had a return last year of approximately $72,000 and it is believed that this figure will be cut in two this year.

While the rate of the income tax has been slightly decreased this year from 1½ per cent to 1 1-3 per cent the big drop in the tax is attributed primarily to the unemployment and reduction in salaries. The present returns are on the incomes received during 1921.

Files in Bankruptcy

Dortha Loren Carmichael of Clearmont, a merchant, filed a petition in voluntary bankruptcy in the federal court in St. Joseph Thursday. Debts are listed at $4,157.62 and assets at $259.75.

A new mail route has just gone into operation between this place and Albany, Gentry County by way of Conception and Alanthus Grove, making three trips each way each week.

The heavy wind storm on last Thursday evening blew the new hotel at Pickering off the foundation and damaged it considerably. A number of other buildings were dislocated.

On last Saturday, Sunday and Monday Elder T. P. Haley of the Christian Church preached to large audiences in Maryville. He represents the Camden Point Christian Female Orphan School and succeeded in raising contributions at this place in case and subscription to the amount of $600.

A new post office has been established at Winemiller's Mill on the Platt.

George S. Baker & Co., bankers, are making arrangements to protect deposits from fire as well as burglary. They have just bought a Macneale & Urban burglar-proof safe of large size, with the most improved locks and are constructing a fire proof vault. These safes cannot be opened, or at any rate no burglar ever has opened one and there certainly can be no danger of burglary in their use.

At the meeting of the town board on last Saturday a petition was presented for grade and sidewalk on Third street, south of the square, and referred to G. W. Martin, J. B. Prather and T. H. Brown as a committee to survey and report.

STAR AT ELECTRIC THEATRE HAD A COLD BATH

In the Episode Monday a Rope Broke and He Fell, Bound Hand and Foot into Swift Stream

Wallace MacDonald, popular actor and dare-devil, now staring in "Breaking Through," a serial running on Mondays at the Electric Theater, had a cold shower while the picture was being made.

Toward the end of the episode that will be shown Monday the hero falls into the power of "Bull" Moakley, under whose direction, he is bound and taken to a cliff above a swift stream. There he is lowered by a rope to a small rock in the middle of the channel and left to think things over.

As MacDonald was dangling in midair, his hands and his feet bound, the rope suddenly snapped in two and his body shot downward. He disappeared in the rushing current of the turbulent mountain stream. Several men of the party jumped into the water to rescue him but MacDonald is an expert trick swimmer and he knows how to to keep above water even when bound hand and foot. Without aid he managed to reach the shore. Later he was ready to repeat his performance, but this time insisted on a new coil of rope.

MAPEL BEGINNING FOURTH SERIES QUARTERLY MEETINGS

The Rev. Frank J. Mapel left this morning for Albany where he will begin his first part of the fourth series of quarterly meetings of the churches of the Gallatin district. He will hold a meeting at the Freeland Church in Worth County tonight and tomorrow he will be at Hill's Chapel near Albany. He will return to Maryville Monday.

100 PER CENT BACHELORS OF CONSERVATORY FACULTY

Each of the Three Male Members Have Withstood Sieges to the Present

Not so many schools in the country can boast of as high percentage of bachelors on their faculties as can the Conservatory of Music of the State Teachers College. In fact the percentage is 100. Charles R. Gardner, head of the Conservatory, Christian D. Kutschinski, instructor in violin, and Thomas H. Annett, instructor in piano are still withstanding the sieges of the fairer sex.

At the State Teachers College proper the percentage of married male instructors is nearly as high as the unmarried ones of the Conservatory. M. W. Wilson chemistry teacher, is the only one who is still single.

FOURTEEN PURE BRED BULLS REPLACE SCRUBS THIS YEAR

County Has Start on Race to Win State Prize Again this Year

Fourteen pure bred bulls have replaced scrub bulls in Nodaway county this year, according to Roy A. Kinnaird, county farm agent. The bulls have been confined to three breeds of the beef type of cattle, the Angus, Shorthorns and Herefords. Two angus have been in the replacements with four herefords and eight shorthorns.

Nodaway County placed first last year in the number of pure bred bulls which replaced scrubs and won the prize offered by the Kansas City Chamber of Commerce.

Those who have added pure bred bulls to their farms are S. D. Ditto, P. W. Shaefer, R. D. Finn, I. V. McKee and Nett Cowan of Hopkins; T. D. Hornbuckle, Alvin Neal and C. B. Hornbuckle of Clearmont; W. C. Eckery, Conception Junction; Joseph E. Mayer, Burlington Junction; J. Ralph Pope, Skidmore; I. C. Patterson, Maryville; J. C. McMahon, Pickering an dJ. Thummel, Parnell.

Most breeders who raise pure bred stock sell their animals out for breeding purposes but there is also quite a lot of shipping of cattle to the market for meat supply. Generally the stock that is used for this purpose is shipped into the county, fattened and then shipped out again. Much of it is grade stock. The general method used is to feed the cattle ensilage, alfalfa hay and a moderate amount of corn and linseed and cotton seed meal.

Some feeders let the stock rough it through the winter in the stock fields and feed them some hay and then fatten them during the summer months on grass and finish them up on corn.

To Close Tonight.

The Dorothy Reeves Stock Company will close tonight its week's engagement at the tent on East Third street with the presentation of "The Mills of the Gods."

Who Are the 5 Great Ball Players?

Boys, here's a new one. See the funny sentences in the picture. They are the names of Five Big League Ball Players with the letters of their names re-arranged. Can you straighten out the letters to spell their names correctly? If you can, it will be easy for you to win a real Culver Racer Automobile or $250 in cash.

Start right in. The first name is—well, I'm sure you can guess. Yes—it's Bambino Ruth, the mighty "Babe," king of the home run hitters. Put that down on your list and it will be easy to get the rest. Just to help refresh your memory, I am naming some of the star players: Tyrus Cobb, Tris Speaker, Bambino Ruth, George Sisler, Carl Mays, Ray Schalk, Roger Hornsby and Waite Hoyt.

135 Points Wins First Prize

If you can correctly re-arrange the five names of the baseball players I'll give you 100 points toward winning the $250 prize or the Culver Auto. You will gain 25 more points by proving that you have shown a copy of The Rural Weekly to three of your friends. This will give you 125 points in all. The final 10 points will be awarded by the judges of the puzzle to the boy who sends in the largest correct list of words made up from the letters in the name of the Home Run King—"Bambino Ruth."

Send in your names of the five ball players and your list of words together. Send them in NOW.

In making up your list of words from the name "Bambino Ruth," only letters that appear in his name can be used. A letter can be used in a single word only as many times as it appears in the name of the ballplayer. Only words found in Webster's dictionary can be counted. Abbreviations, proper nouns, prefixes, suffixes, obsolete and foreign words can not be counted. Words spelled alike but with different definitions can only be counted as one word. By just looking at the name "Bambino Ruth," you can see such words as "am," "in," "on," "run," "bin," etc.

The winning answer, or the one earning 135 Points will receive $250 in cash or the Culver Racer. There are 10 Big Prizes, and in case of a tie each tying contestant will receive identical prizes.

Everybody Wins a Prize

Remember, boys, you don't have to spend one penny of your own money to win, and everybody who helps boost The Rural Weekly wins a Special Prize. You can win one. All you need to do is introduce The Rural Weekly to three of your friends; but first send your answer to the puzzle, and if it is correct, I'll give you 100 points. Then I'll show you how easy it is to gain the other 35 points necessary to win the $250 prize or the Culver Auto.

Write the names of the five ball players correctly on a piece of paper, and send it in right away with your list of words. July 8th is the last day to send your answer. HURRY!

Confessions.

Some men are incapable of being serious about anything—except the next meal. She is really pretty; small, exquisitely finished, with that "look-you-straight-in-the-eye" air which so many girls seem to have acquired during the war. I felt that she was thoroughly well able to take care of herself. Except, perhaps, in dress. The first night she came down in a frock which hardly reached her knees and seemed to stop short at the waist—bare arms, bare shoulders, bare back; I was quite shocked for a moment when Will came into the drawing room without knocking.—From "Confessions of a Well-Meaning Woman," by Stephen McKenna.

JACK AND HIS MONOCLE

When the steamer bringing Jack Dempsey home from Europe docked a large crowd was on hand to welcome the champion. It emitted a huge gasp when Jack walked down the gangplank wearing a "pane of glass" in his eye. He explained afterward that the monocle was one of his little jokes, like the story that he was to marry a Colorado girl.

Owning the Alphabet.

Some time ago the Canadian Pacific Railway company issued notices to certain hotels, restaurants, shops, etc., protesting against the unauthorized use of its initials. One Timothy O'Brien, proprietor of the "C. P. R. Barber Shop" in a prairie village received the warning, and replied as follows, says the London Post:

Dear Sir: I got your notis. I don't want no law soot with yure company. I no yure company owns most everything—ralerodes, steemers, most of the best land and the time, but I don't kno as you own the hole alphabet. The letters on my shop don't stand for yure ralerode, but for somethin better. I left a muther in Ireland, she is dead and gawn, but her memories are dear to me. Her maiden name was Christina Patricia Reardon, and what I want to no is what you are going to do about it. I suppose you won't argue that the balance of my sign what refers to cut rates has got anything to do with yure raleroods. There ain't been no cut rates round these parts that I nos of.

VACATION BIBLE SCHOOL WILL OPEN JUNE 19

Thursday, June 15 Is Enrollment Day—Committee Held a Conference Last Night

Monday, June 19th at 9 o'clock in the morning will be the opening day and hour for Maryville's second Daily Vacation Bible School. Next Thursday, afternoon, June 15th, will be enrollment day, from 2 to 4 o'clock The committee held a conference last night and things are now running nicely and will insure a good start for the 19th.

After careful consideration it was decided to use the Washington School rather than any of the churches. The school board expressed their gladness in cooperating in this way with such a worthy community enterprise. The enrollment will be at the Washington School. Parents should endeavor to enroll their children then, in order to make the work of the opening day lighter.

$1.50 will be the tuition fee for the five weeks term. Less than a full term will be at the rate of 50 cents per week. It is hoped to make the school entirely self-supporting. However, the committee says that no child will be kept away on account of inability to pay this fee.

A number of folks last year established scholarships for one or more children, or made special contributions. Families not having children of their own helped give a Daily Vacation Bible School to other children. All those who want to help in this way this summer are asked to arrange for it with Miss Hazel Sheridan at the First National Bank. At the meeting last evening she was elected secretary and treasurer of the committee.
